# David Harley

Product Designer | uxridham@gmail.com | Available for work

## PROFILE

Product designer and Framer creator with a strong focus on building intuitive, scalable, and user-centered digital experiences. I care deeply about polish, craft and interfaces that make people feel something.

## EXPERIENCE

**Independent Product Designer** 2023 - Now

Freelance - worldwide

Designing AI workspaces, operations tools and design systems for startups and studios; prototyping production-grade interactions in Framer.

**Senior Product Designer** 2020 - 2023

Finova

Led design for a fintech operations platform; shipped a full design system and raised activation through clearer onboarding flows.

**Product Designer** 2018 - 2020

Northbeam Labs

Designed analytics dashboards and real-time monitoring surfaces; introduced motion guidelines used across the product.

**UI Designer** 2016 - 2018

Studio Mono

Crafted marketing sites and brand-led interfaces for clients in tech and culture.
